This office action is in response to the amendment and terminal disclaimer filed 4/21/05.

Allowable Subject Matter

1. Claims 12-16 are allowed.

Applicant has submitted a Terminal disclaimer and has amended the claims such that they clearly define around the **Sugiyama et al. (US 5,547,344)** and **Eber et al. (US 4,820,130)** patents. Particularly, these patents neither disclose nor makes obvious the combination set forth in the independent claims, and especially does not show "*said system being received within said sealed compressor shell*" in combination with the other claims limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:
